DATAMATICS

DATAMATICS E-WASTE MANAGEMENT POLICY

Environment is a key focus area for Datamatics, whereby the company endeavors to contribute towards the development of a sustainable society. At Datamatics we understand the importance of reducing our carbon footprint and has a strong commitment to reduce electronic waste (e-waste). We understand that electronic waste is a big threat to our environment and as our responsibility we are committed to take back the products we have sold and 'destroy them in a safely manner. Our company stands committed to follow the EPR E-Waste management rule 2022 published by the Ministry of Environment and Forests (MoFF).

Datamatics has partnered with Electrofine Recycling Pvt. Ltd. to comply with EPR, e-waste management and related regulations in providing environmentally sound management of end-of-life electronics, Electrofine Recycling Pvt. Ltd. has obtained all the necessary authorization from the appropriate governmental agencies for their processing facilities and ensures proper dismantling, recycling and disposal of e-waste.

In case of any queries regarding the proper disposal, dismantling and recycling of any electronic product, consumers can contact the helpdesk at the given toll free number. An EPR/ E-waste specialist of our partner recycler, Electrofine Recycling Pvt. Ltd. shall attend to the requirement and provide best possible solution for pickup of e-waste generated by you, through its logistic partner within a committed time line.

GENERAL SCHEME OF COLLECTION

Datamatics being the Seller / Importer as per E-waste (management) Rules, 2022, always gives priority to compliances and follows all regulations amended time-to-time by government authorities related to e-waste management.

Following are our General Collection Schemes:

• Buy Back Schemes: We are planning to buy back the old and used products from our customers to get them recycled/ disposed.

• Cash Back Schemes: We can also offer cash back scheme to encourage our customers to bring back their old and used products to us so that we can recycle/ dispose.

• Refundable Deposits: As of now we don't have any such refund scheme but can be introduced if required.

• Collection Centers/Points: We motivate our customers to directly send their used/ end-of-life products to collection centers.

• E-Mails: We shall create awareness among customers and help them to understand the importance of recycling their used/ end-of-life products through educational emails.

MODE OF COLLECTIONS

• Datarnatics has partnered with Electrofine Recycling Pvt. Ltd. registered with MPCB as an e-waste dismantler.
• As a part of agreement Electrofine Recycling Pvt. Ltd. collects all our E-waste generated from the Collection points have sent to their own recycling plant located in Stara (Maharashtra) for the recycling process as per the CPCB norms and environmentally sound manner.
• Electrofine Recycling Pvt. Ltd. is having all authorisation related to e-waste recycling from MPCB and having all consents related to Air/water and also have the EPR registration under CPCB. They have a capacity of 20000 MT per annum.
• Electrofine Recycling Pvt. Ltd. has total area of 4046 square meter for storing of raw material, processing of raw material, storing of product and office space.
• Keeping in view our sales volume and generation of e-waste as per our future e-waste targets and our expansion plan we have decided to follow these mechanisms in our organization for collection of e-waste.
• As per our agreement with Electrofine Recycling Pvt. Ltd. if any customer wants to handover/ dispose old/ end-of-life product, they can easily reach to Collection centers (detailed list is provided on our website) and give the products directly or can call on our Toll Free Number for suggestion / clarification as well as for arranging a pick-up from our side. Tai Mauli Transport & Ram Babu Transport are logistics partners of Electrofine Recycling Pvt Ltd.
• We shall use our dismantler's logistics facility for the collection of e-waste.
