

ASHAPURA GETS ITS OVERALL ROI IMPROVED BY 40% AFTER MOVING TO AWS CLOUD

PROFILE

Ashapura
Group of Industries

India Region

Mining Industry

CHALLENGES

Ashapura wanted to integrate SAP with AWS cloud efficiently keeping cost and security controls in place.

IMPACT

40%

Increase in overall performance

TCO REDUCTION

By reserving instance after 3 months of deployment for 3 Years

COST REDUCTION

By replacing MPLS to internet based links for all locations using AWS Site.

SOLUTION

Ashapura selected Datamatics as System Integrator and IaaS cloud provider for hosting data of all group of companies on AWS cloud.

ASHISH DESAI

Group Chief Financial Officer,
Ashapura Minechem Ltd

In future, we are look at automation on the AWS cloud by working with AWS and Datamatics. They ensure that we are on right technology at all times to compete with our competitors in the global market.
