# INTELLIGENT AUTOMATION PLATFORM ARTIFICIAL INTELLIGENCE AT THE CORE

**Datamatics Intelligent Automation** enables businesses achieve exponential business benefits from their existing IT estate.

With Artificial Intelligence at its core, it offers an integrated automation platform for assimilating and automating complex processes, tasks, and document-based workflows.

## DATAMATICS INTELLIGENT AUTOMATION SUITE MODULES

### Extract

TruCap+ is an Intelligent Document Processing solution. With AI-powered template-free approach, it extracts unstructured and semi-structured data from PDFs, printed, and hand-written documents, and integrates it with RPA and downstream systems to improve straight-through processing. With segregated access for designing, processing, and monitoring, it is a complete solution to automate and manage all document-based workflows.

### Automate

TruBot is a Robotic Process Automation solution. With AI at its core, the digital workforce drives end-to-end automation of simple to complex processes. The low code design platform has cognitive powers to make smarter decisions while handling complex transactions. With separate access for design, monitoring, and analytics, TruBot offers enterprise-grade secure environment across the business ecosystem. It offers a universal recorder, visual workflow, and library of drag-and-drop components to build a fully functional bot in minutes.

### Analyze

TruBot Analytics offers actionable intelligence from the RPA data. It enables businesses to efficiently drive the CoE-led RPA program with a 360-degree view for a faster breakeven and return-on-investment. With modules, such as in-built Operational Analytics, RPA Rol Calculator, and RPA Analytics, it gives the TruBot RPA program an edge making it the customer's choice in Robotic Process Automation Tools.

# CUSTOMER'S CHOICE FOR ROBOTIC PROCESS AUTOMATION TOOLS

TruBot enjoys high customer satisfaction across industries

4.4/5

4.7/5

## WHAT CUSTOMERS THINK ABOUT US

“

We believe Datamatics will continue to be our valued partner going forward in our digital transformation journey.

**David Friedman**

Head of Intelligent Automation Centre of Excellence, Ryder Systems

“

With Datamatics TruBot, we have freed up resources to do something meaningful.”

**Ahmed Farouk**

Vice President, Western Bairoona Group (WBG)

“

Over the years, we have built a strong bond with Datamatics, and we have critical processes lined up for automation.

**Manish Jain**

Regional Head, Corporate Banking, IndusInd Bank
