

DATAMATICS

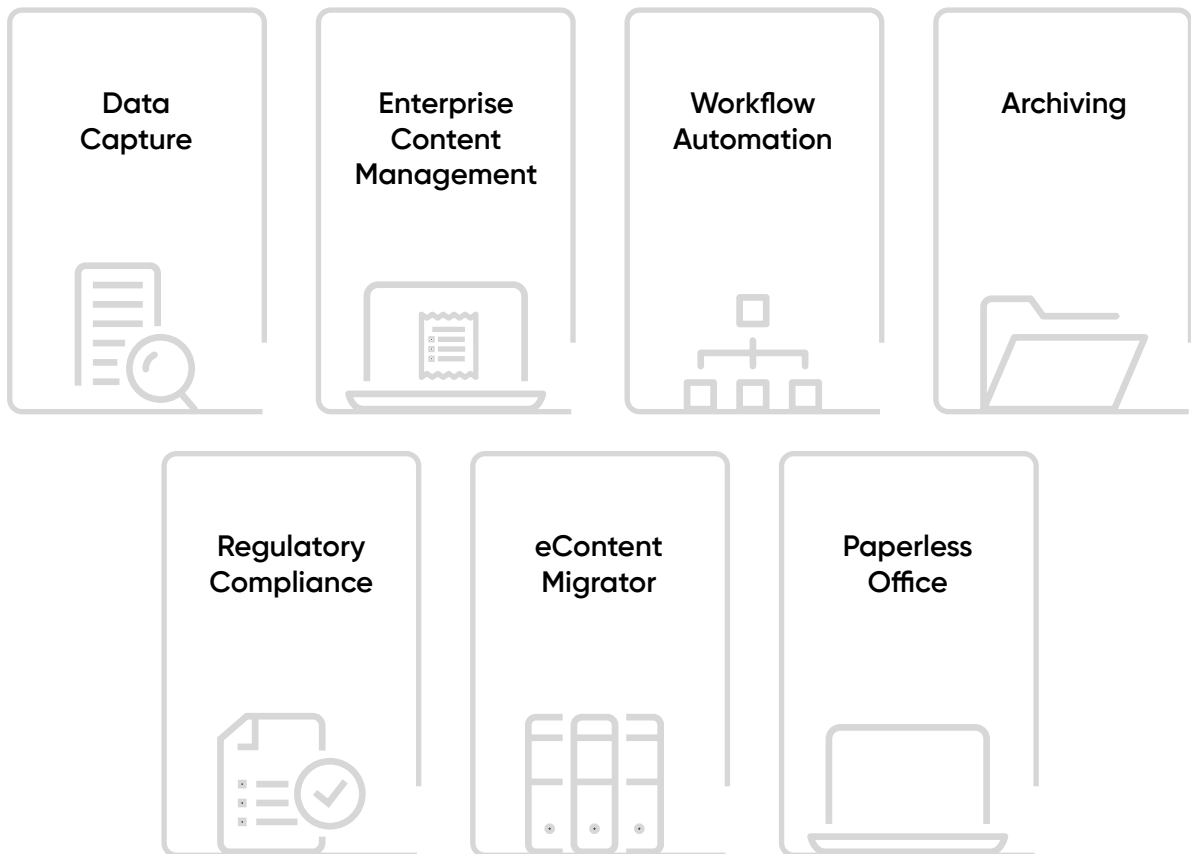

ACCELERATE OPENTEXT CONTENT CLOUD TRANSFORMATION

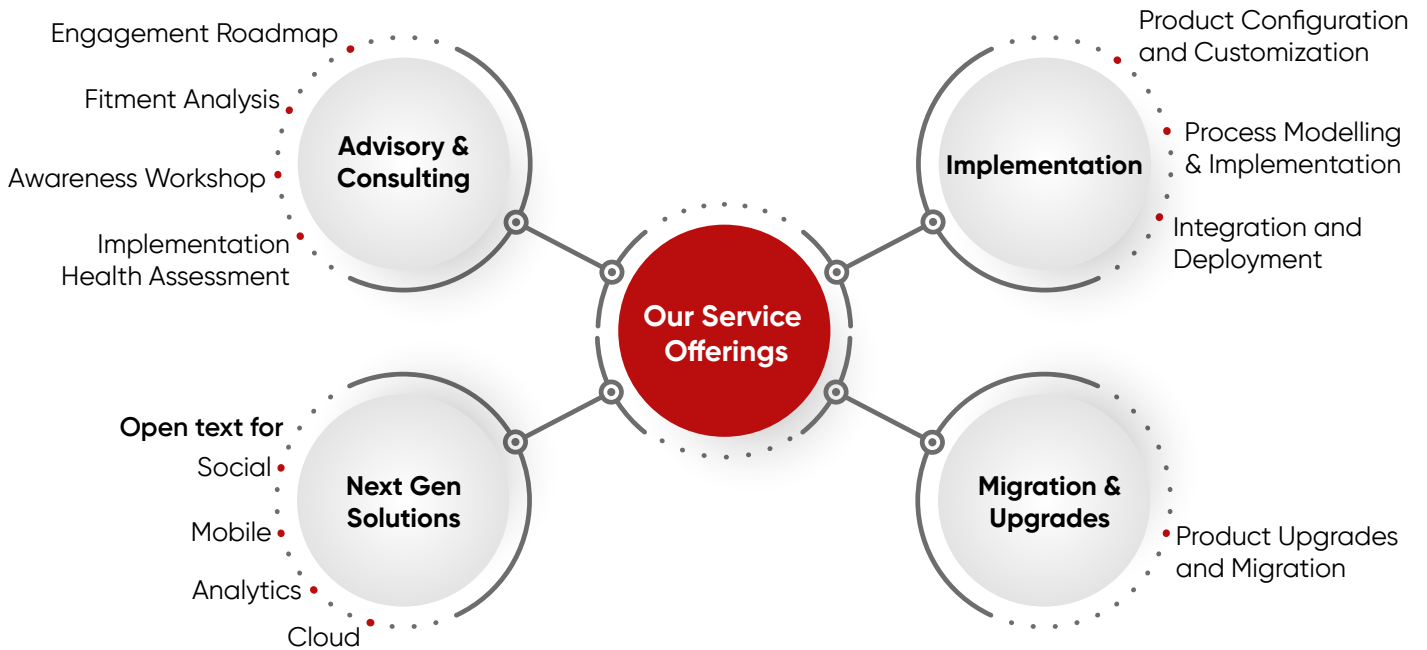

Datamatics has over 15 years of experience and expertise on OpenText products and has been a catalyst in solving digital business challenges faced by small, medium and large organizations. As an OpenText global partner, we help our clients orchestrate information led digital transformation and empower their employees by making the right information available at the right time, in the right form and context while helping them to make data driven decisions that drive operational excellence.

OPENTEXT CONTENT CLOUD OFFERINGS

Datamatics offers full lifecycle management of enterprise content from capture to archiving and integrations with systems that produce and consume information. Our solutions facilitate seamless access, distribution and use of structured, semi and unstructured content.

OPENTEXT SERVICE OFFERINGS

USE CASES

OpenText Documentum LSQM Implementation for a Leading Multinational Pharma Company

The client wanted to implement an automated DMS application along with an online compliance system that could integrate GMP documents with a common workflow to provide on the spot reports and audit trail facility. Datamatics implemented OpenText Documentum LSQM which reduced manual work, cut down time taken in document search and retrieval by 70% and provided data safety and security for its data bank and external data banks.

OpenText Documentum xCP + Captiva Cloud Paperless Office Solution for a Leading Central Bank

The client wanted to eliminate manual paper based processing of documents through automation. Datamatics implemented an Electronic Document Management System comprising OpenText Documentum xCP for workflow automation and Captiva for Intelligent Data capture. The solution enabled the client to automate daily activities, manage more than 50K documents with ease, increase employee productivity by 50% and reduce turnaround time by 40%
