

NEW ENGLAND HISTORIC GENEALOGICAL SOCIETY (NEHGS) SEAMLESSLY MOVES TO AWS CLOUD TO IMPROVE EFFICIENCY

PROFILE

United States of America

Research

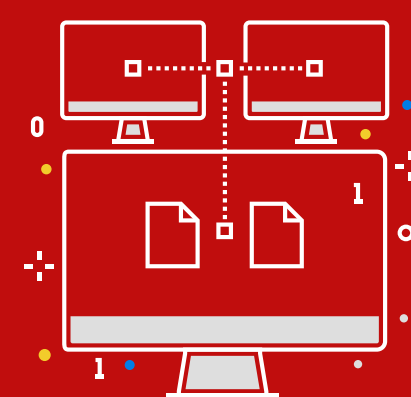

CHALLENGES

NEHGS wanted to migrate from a hosted infrastructure to **AWS Cloud** for making their operations more seamless and efficient.

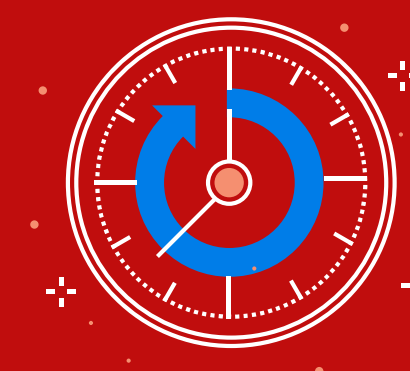

SOLUTION

Datamatics Provided IAAS and SAAS based solution with incorporated security and enabled NEHGS to have centralized authentication with SAAS based application integration on AWS.

IMPACT

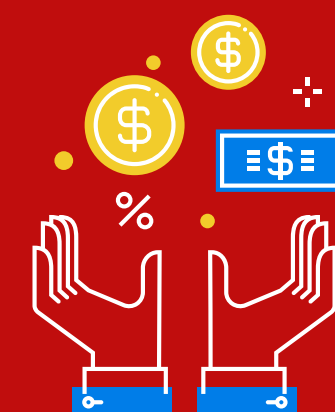

Centralization
of IT Infrastructure

Time Reduction

for set up and configuration

Cost Reduction
