Datamatics TruBot™ makes its debut in the Everest Group's PEAK Matrix™ for Robotic Process Automation

April 11, 2018, Mumbai: Datamatics Global Services Ltd. today announced that its proprietary RPA solution TruBot™ has been recognized as an “Aspirant” by Everest Group, a global independent consulting and research firm in their report “Robotic Process Automation – Technology Vendor Landscape with Products PEAK Matrix™ Assessment 2018” that was released in April this year.

Datamatics TruBot™ is a multi-skilled software bot that enables several large enterprises across the globe automate repetitive processes. TruBot™ customers across the Banking, Financial Services, Insurance, Healthcare, Manufacturing and Logistics industries have experienced over 500% improvement in productivity, 100% process accuracy and RoI within 4 months of go live.

Mr. Mitul Mehta, SVP & Head, Marketing & Communications, Datamatics Global Services Ltd. said, “RPA is a priority area for Datamatics and we are happy to see TruBot™ debut in the Everest Peak Matrix. With an aggressive product roadmap and market outreach, we will further consolidate our position in the market.”

Everest Group's PEAK Matrix™ assessments provide analysis and insights that enterprises need for making critical selection decisions about global services providers, products and solutions within various market segments. The report provides a detailed view of the RPA technology vendor landscape and a thorough assessment of the capabilities of 18 leading RPA vendors across several key dimensions. The vendors have been assessed using Everest Group's proprietary framework, the Products PEAK Matrix™, and classified into three categories: Leaders, Major Contenders, and Aspirants.
