NASSCOM collaborates with Datamatics TruBot to empower IT Professionals with Intelligent Automation competencies

Datamatics TruBot RPA to reach over 400,000 IT professionals through FutureSkills Prime - MeitY NASSCOM digital skilling initiative

Mumbai, August 29th 2022: Datamatics, a Global Digital Technologies, Operations, and Experiences Company, today announced its collaboration with NASSCOM FutureSkills Prime initiative to impart Intelligent Automation competencies to IT professionals. FutureSkills Prime – A MeitY - NASSCOM Digital Skilling Initiative, is first-of-its-kind incentive program to make digital skilling and upskilling in new age technology with courses in AI, Big Data, Cloud Computing, Cybersecurity & more, affordable for all.

As a part of the collaboration, 400,000 learners will get access to two professional courses that give holistic training about the Datamatics TruBot RPA tool, free of cost aligned to National Occupational Standards (NOS's), that describes the knowledge, skills and understanding an individual needs to be competent at a job.

After successful completion of course and clearing of NASSCOM assessments, the learner will get certificate in one of the most in-demand skills today. This certification will give learners an edge and broaden job prospects for them. Furthermore, FutureSkills Prime funds the skilling ambition of the learners through the Govt of India incentives. The learners, post receiving NASSCOM's eligibility certification can also apply for the incentive that will be directly debited to their bank accounts.

Speaking on occasion, Rahul Kanodia, Vice Chairman & CEO of Datamatics, expressed, "FutureSkills Prime program is a great platform for upskilling IT professionals and we are happy to be a part of it. NASSCOM certification will be an add-on for learners looking for employment opportunities. We are confident that the program will help IT professionals develop competencies in Intelligent Automation and TruBot RPA, which can give them a significant boost in their careers." He added, "This program will also enable us to bridge the skill gap in the IT sector and will help organizations build a talent pool aligned with their future requirements."

“Given the rising importance of RPA, this decade belongs to those who are skilled in RPA and intelligent automation. This partnership with Datamatics, brings two of their industry relevant courses to FutureSkills Prime learners. FutureSkills Prime registered learners can also avail government incentive once they complete these courses and get certified. We are extremely delighted to partner with Datamatics on this journey to build India as a digital talent nation,” said Ms. Kirti Seth- CEO, SSC, NASSCOM.

About FutureSkills PRIME

A joint initiative by NASSCOM & MeitY, FutureSkills Prime is India’s technology skilling hub with the vision to make the country a Digital Talent Nation. It is democratising learning and offers – students and professionals a chance to skill, upskill and reskill to grow in their careers.

FutureSkills Prime is a wholesome Career Building program to be a NASSCOM certified professional. Through the competency diagnostic test, learners can choose a career track, get skilled in selected technologies through relevant courses. Learn & engage with Industry experts and access to exclusive career development opportunities like job fairs, internships, hiring hackathons, skill challenges etc.

Future Skills Prime provides an opportunity to learners to be at par with international technology trends through global quality courses and play exciting valued and purposeful role in the digital future. The Course curriculums are aligned to National Skills Qualifications Framework (NSQF), which is a structured mechanism to map industry requirements to skills and competencies.

About Datamatics
