DATAMATICS GLOBAL TECHNOLOGIES LIMITED**Directors' report**

The directors have pleasure in submitting their report to the member together with the financial statements for the year ended 31 March 2018.

Principal activity

The main object of the company is to acquire, hold, purchase, administer, manage, sell and sub-license intellectual property. The company shall conduct research on, develop, improve, design, market, sell, buy, licence and maintain software programs and products. The company shall also carry on the activities of Business Processing Outsourcing (BPO), provide consultancy services and hold investment in equity shares, bonds and securities.

Results and dividend

The statement of profit or loss and other comprehensive income for the year is set out on page 8. The directors do not recommend the payment of dividend in respect of the year ended 31 March 2018 (31 March 2017: Nil).

The statement of directors' responsibilities in respect of the financial statements

Company law requires the directors to prepare financial statements for each financial year which present fairly the financial position, financial performance and cash flows of the company. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether International Financial Reporting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors confirm that they have complied with the above requirements in preparing the financial statements.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2001. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

The auditors, PKF (Mauritius) have indicated their willingness to continue in office for the year ending 31 March 2019 and will automatically be reappointed in the next annual meeting.

By order of the board

Director

Port Louis,
Republic of Mauritius

Date: 25 May 2018

DATAMATICS GLOBAL TECHNOLOGIES LIMITED**Secretary's certificate****Under section 166 (d) of the Mauritius Companies Act 2001**

We certify that, to the best of our knowledge and belief, we have filed with the Registrar of Companies all such returns as are required of DATAMATICS GLOBAL TECHNOLOGIES LIMITED under the Mauritius Companies Act 2001 for the financial year ended 31 March 2018.

**For and on behalf of:****Port Louis Management Services Ltd
Company Secretary**

Date: 25 May 2018

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBER OF DATAMATICS GLOBAL TECHNOLOGIES LIMITED**

This report is made solely to the member of the Company as a body in accordance with Section 205 of the Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to it in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member as a body, for our audit work, for this report, or for the opinion we have formed.

Report on the Audit of the Financial Statements**Opinion**

We have audited the financial statements set out on pages 7 to 22 which comprise the statement of financial position as at 31 March 2018, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of, in all material respects, the financial position of the Company as at 31 March 2018, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and comply with the requirements of the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Mauritius, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the Certificate from the Secretary and the Directors' report. Other information does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this Auditors' Report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBER OF DATAMATICS GLOBAL TECHNOLOGIES LIMITED****Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and in compliance with the requirements of the Mauritius Companies Act 2001. They are also responsible for such internal control as they determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBER OF DATAMATICS GLOBAL TECHNOLOGIES LIMITED****Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)**

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In accordance with requirements of the Mauritius Companies Act 2001, we report as follows:

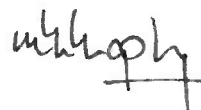

- we have no relationship with, or any interests in, the Company other than in our capacity as auditors;
- we have obtained all the information and explanations we have required; and
- in our opinion, proper accounting records have been kept by the Company as far as appears from our examination of those records.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED

Notes to and forming part of the financial statements

For the year ended 31 March 2018

1. General information

DATAMATICS GLOBAL TECHNOLOGIES LIMITED "the company" is a Category 1 Global Business Licence company incorporated on 25 March 2009 in Mauritius under the Companies Act 2001 and is governed by the Financial Services Act 2007.

The main object of the company is to acquire, hold, purchase, administer, manage, sell and sub-license intellectual property. The company shall conduct research on, develop, improve, design, market, sell, buy, licence and maintain software programs and products. The company shall also carry on the activities of Business Processing Outsourcing (BPO), provide consultancy services and hold investment in equity shares, bonds and securities.

2. Basis of preparation

(a) Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB").

(b) Basis of measurement

The financial statements have been prepared under the historical cost convention as modified by the revaluation of the investment in subsidiary.

(c) Functional and presentation currency

These financial statements are presented in United States Dollars ("USD"), which is the Company's functional currency. All financial information presented in USD has been rounded to the nearest Dollar.

Determination of functional currency

Since the Company operates in an international environment and conducts most of its transactions in foreign currencies, the Company has chosen to retain United States Dollar ("USD") as both its functional and presentation currency.

(d) Significant accounting judgments, estimates and assumptions

The preparation of the financial statements in conformity with IFRS requires management to exercise judgments, use accounting estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

3. Significant accounting policies

(a) Foreign currency transaction

Transactions and balances

Transactions in foreign currencies are translated to the functional currencies at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in the statement of profit or loss and other comprehensive income, which are recognised in other comprehensive income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED**Notes to and forming part of the financial statements****For the year ended 31 March 2018****3. Significant accounting policies (Cont'd)****(b) Investment in subsidiary**

Subsidiary undertakings are those entities in which the Company controls an investee if all three of the following elements are present:

- power over investee;
- exposure to variable returns from the investee; and
- the ability of the investor to use its power to affect those returns.

Investment in subsidiary, which is unquoted, is stated at fair value which is the directors' best estimate. The carrying value is maintained unless the directors are of opinion that there has been a permanent diminution in the value of the investment.

Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these 3 elements.

Investment in subsidiary is classified within level 3 on the fair value hierarchy.

(c) Financial instruments

Financial instruments carried on the statement of financial position include trade and other receivables (excluding prepayments), cash and cash equivalents, redeemable preference shares and trade and other payables. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

(d) Property, plant and equipment

Plant and equipment are stated at cost less accumulated depreciation. Depreciation is calculated to write off the cost or revalued amount of the assets to their estimated residual values on a straight line basis over their expected useful lives as follows:

| | |
|------------------------|-----------|
| Equipment | - 4 years |
| Furniture and fittings | - 4 years |

The estimated useful lives, residual values and depreciation method were reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

Plant and equipment were fully depreciated for year ended ended 31 March 2014.

(e) Intangible asset

Intangible asset consist of software which was recognised as asset comprises both the original purchase cost and expenditures directly attributable to its development. Management has decided to adopt the policy of amortising software costs over a period of three years on a straight line basis. The software was fully amortised for year ended ended 31 March 2014.

(f) Related parties

Related parties are individuals and companies where the individual or company has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions.

(g) Trade and other receivables

Trade and other receivables are stated at their original invoiced value, as the interest that would be recognised from discounting future cash receipts over the short credit period is not considered to be material. Trade receivables are reduced by appropriate allowances for estimated irrecoverable amounts. Interest on overdue trade receivables is recognised as it accrues. The carrying value of trade and other receivables are recognised at their nominal value which are a fair approximation of their amortised cost.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED**Notes to and forming part of the financial statements****For the year ended 31 March 2018****3. Significant accounting policies (Cont'd)****(h) Trade and other payables**

Trade and other payables are stated at their original invoiced value, as the interest that would be recognised from discounting future cash payments over the short payment period is not considered to be material. The carrying value of trade and other payables are recognised at their nominal value which are a fair approximation of their amortised cost.

(i) Redeemable preference shares

Preference shares that carry a mandatory coupon that represents a market rate of interest at the issue date, or which are redeemable on a specific date or at the option of the shareholder are classified as financial liabilities and are presented under current liabilities. The dividends on these preference shares are recognised in the income statement as interest expense on an amortised cost basis using the effective interest method.

(j) Cash and cash equivalents

Cash and cash equivalents comprises cash at bank. Cash equivalents are short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(k) Impairment of financial assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial assets is impaired. A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. There are no such indications of events having impact on future cash flows of the Company. Therefore, no impairment provision is required to be made by the Company.

(l) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less cost to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators. Impairment losses of continuing operations are recognised in the statement of profit or loss and other comprehensive income.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED
Notes to and forming part of the financial statements
For the year ended 31 March 2018

4. Changes in accounting policy and disclosures

(i) New and amended standards and interpretations adopted during the year

The accounting policies adopted are consistent with those of the previous financial year except that the Company has adopted the following Standards (amendments) and IFRIC interpretations as of 1 April 2017:

- IAS 7 Statement of Cash Flows
- IAS 12 Income Taxes
- IFRS 12 Disclosure of Interests in Other Entities

The effects of these standards have been described below:

IAS 7 Statement of cash flows

Disclosure Initiative: Amendments requiring entities to disclose information about changes in their financing liabilities. The additional disclosures will help investors to evaluate changes in liabilities arising from financing activities, including changes from cash flows and non-cash changes (such as foreign exchange gains or losses). These amendments will not impact the Company's financial position or performance.

IAS 12 Income Taxes

Recognition of Deferred Tax Assets for Unrealised Losses (Amendments to IAS 12): Narrow-scope amendment to clarify the requirements on recognition of deferred tax assets for unrealised losses on debt instruments measured at fair value. These amendments will not impact the Company's financial position or performance.

IFRS 12 Disclosure of Interests in Other Entities

Investment Entities: Applying the Consolidation Exception: Narrow-scope amendments to IFRS 10, IFRS 12 and IAS 28 introduce clarifications to the requirements when accounting for investment entities. The amendments also provide relief in particular circumstances, which will reduce the costs of applying the Standards.

(ii) Accounting standards and interpretations issued but not yet effective

Standards and interpretations issued but not yet effective up to the date of issuance of the Company's financial statements are listed below. This listing is of standards and interpretations issued, which the Company reasonably expects to be applicable at a future date.

| | Effective for accounting period beginning on or after |
|---|--|
| - IFRS 2 Share-based payments | 1 January 2018 |
| - IFRS 9 Financial Instruments | 1 January 2018 |
| - IFRS 15 Revenue from Contracts from Customers | 1 January 2018 |
| - IFRS 16 Leases | 1 January 2019 |
| - IAS 28 Investments in Associates and Joint Ventures | 1 January 2018 |
| - IAS 40 Investment Property | 1 January 2018 |
| - IFRS 9 Financial Instruments | 1 January 2018 |
| - IFRS 3 Business Combinations | 1 January 2019 |
| - IFRS 11 Joint Arrangements | 1 January 2019 |

The directors anticipate that the adoption of these standards and interpretations in future years will have no material impact on the financial statements of the Company.

Name of company : Cignex Datamatics Corporation, BVI (CDC)
Percentage holding : 2018 and 2017 - 59.11 % in common shares
Country of incorporation : British Virgin Islands
Number of shares : 2018 and 2017 - 13,206,998 common shares
Type of shares : Common shares

In the opinion of the directors, there has been no change to the fair value of the investment. Hence, the value of the investment has been kept same as last year.

The Company did not prepare group financial statements consolidating the results of CDC, because:

- it is itself a subsidiary of Datamatics Global Services Limited and its owners, including those not otherwise entitled to vote, have been informed about, and do not object to, the company not presenting group financial statements;
- the company does not have debt or equity instruments which are or to be traded in a public market;
- the company did not file and is not in the process of filing its financial statements with a securities commission or other regulatory organisation for the purpose of issuing any class of instruments in a public market; and

DATAMATICS GLOBAL TECHNOLOGIES LIMITED**Notes to and forming part of the financial statements****For the year ended 31 March 2018****7. Investment in subsidiary (Cont'd)**

(d) the holding company produces group financial statements available for public use that comply with International Financial Reporting Standards.

The summarised latest financial information of the CDC is given below:

18. Taxation

The company has been established as a Category 1 Global Business Licence Company under the Financial Services Act 2007 and is liable to tax at the rate of 15% on profits adjusted for tax purposes. It is however, entitled to a tax credit equivalent to the higher of the foreign taxes paid and 80% of the Mauritius tax on its foreign source income. Interest income from call and deposit accounts held with any bank under the Banking Act 2004 are exempt from tax. There is no tax payable for the year ended 31 March 2018 owing to carry forward tax losses.

(a) The tax computation is as follows:

| | 2018 USD | 2017 USD |
|--|---------------|-----------------|
| Profit before tax | 43,358 | 222,715 |
| Less: Profit on disposal of investment | - | (88,771) |
| Bank interest | (340) | (451) |
| Adjusted profit for tax purposes | <u>43,018</u> | <u>133,493</u> |
| Accumulated tax losses brought forward | (19,212) | (306,666) |
| Add: loss lapsed after 5 years | - | 153,961 |
| Chargeable income / tax losses carried forward | <u>23,806</u> | <u>(19,212)</u> |
| Tax at 15% | 3,571 | - |
| Less: actual foreign tax suffered | (3,571) | - |
| Tax charge | <u>-</u> | <u>-</u> |

(b) Tax charge

| | | |
|----------------------|---------------|---------------|
| Mauritian tax | - | - |
| Withholding tax paid | <u>12,618</u> | <u>12,311</u> |

(c) Deferred tax arises on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. The temporary differences are reviewed at each reporting date and deferred tax is recognised if significant. No deferred tax has been recognised for the year ended 31 March 2018.

19. Related party disclosures

The company enters into transactions with companies that fall within the definition of a related party as contained in International Accounting Standard 24 "Related Party Disclosures".

Related parties comprise companies under common ownership and/or common management control, associates and shareholders.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED

19. Related party disclosures (Cont'd)

During the year, the Company had the following transactions and balances with related parties:

Year ended 31 March 2018

| Name of Company | Nature of Relationship | Nature of transactions | Volume of transactions USD | Balances USD |
|--------------------------------|-------------------------------|-------------------------------|-----------------------------------|---------------------|
| Datamatics Global Services Ltd | Common management | Revenue | 26,987 | 26,987 |
| Datamatics Global Services Ltd | Common management | Operating expenses | <u>101,847</u> | <u>(35,095)</u> |

Year ended 31 March 2017

| Name of Company | Nature of Relationship | Nature of transactions | Volume of transactions USD | Balances USD |
|--------------------------------|-------------------------------|-------------------------------|-----------------------------------|---------------------|
| Datamatics Global Services Ltd | Common management | Revenue | 122,507 | 122,507 |
| Datamatics Global Services Ltd | Common management | Operating expenses | <u>86,408</u> | <u>(51,579)</u> |

20. Financial risk management

20.1 Financial risk factors

The Company has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk (including interest rate risk and currency risk)

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital. Further quantitative disclosures are included throughout these financial statements.

The Board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED
Notes to and forming part of the financial statements
For the year ended 31 March 2018

20. Financial risk management (Cont'd)

20.1 Financial risk factors (Cont'd)

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(a) Credit risk

The Company takes on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Financial assets which potentially subject the Company to concentrations of credit risk consist principally of trade and other receivables and cash and cash equivalents, which are held with the reputed banks. Credit risk relates to trade and other receivables and are managed as stated below. Hence, the Company is not exposed to significant risk.

Management of credit risk

The Company's policy over credit risk is to minimise its exposure to counterparties with perceived higher risk of default by dealing only with counterparties meeting the required credit standards. Credit risk is monitored on a daily basis by the directors.

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the reporting date, as summarised below:

| Assets | 2018 | 2017 |
|-------------------|----------------|----------------|
| | USD | USD |
| Trade receivables | 49,262 | 132,667 |
| Cash at bank | 401,027 | 304,138 |
| | <u>450,289</u> | <u>436,805</u> |

The financial assets are neither past due, nor impaired at the reporting date.

(b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure that it will always have sufficient liquidity to meet its liabilities when they become due without incurring unacceptable losses or risking damage to the Company's reputation.

The Company is not exposed to significant liquidity risk. The table below summarised the maturity profile of the Company's financial liabilities at 31 March based on contractual undiscounted payments:

| | On demand | Total | On demand | Total |
|------------------------------|-------------------|-------------------|-------------------|-------------------|
| | 2018 | 2018 | 2017 | 2017 |
| | USD | USD | USD | USD |
| Redeemable preference shares | 12,750,000 | 12,750,000 | 12,750,000 | 12,750,000 |
| Trade and other payables | 39,225 | 39,225 | 56,184 | 56,184 |
| | <u>12,789,225</u> | <u>12,789,225</u> | <u>12,806,184</u> | <u>12,806,184</u> |

DATAMATICS GLOBAL TECHNOLOGIES LIMITED
Notes to and forming part of the financial statements
For the year ended 31 March 2018

20. Financial risk management (Cont'd)

20.1 Financial risk factors (Cont'd)

(c) Market risk

Market risk is the risk that changes in market prices, due to fluctuations in factors such as foreign exchange rates and interest rates will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Interest rate risk

At the reporting date the Company is not exposed to interest rate risk as it does not have any variable interest-bearing asset or liability.

(ii) Currency risk

The Company's exposure to foreign currency risk arises where it holds financial assets and financial liabilities denominated in a currency different from its functional currency. The Company is not exposed to currency risks as all its financial assets and financial liabilities are denominated in its functional currency, the US Dollar.

20.2 Capital risk management

The company's objectives when managing capital are:

- to safeguard the company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefit for other stakeholders; and
- to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

Capital comprises of equity. In order to maintain or adjust the capital structure, the company may issue need shares or have recourse to its parent for funding, sell its investment or vary the amount of dividends or refrain capital to the shareholder.

20.3 Fair value of financial instruments

Fair value hierarchy

IFRS 13 requires disclosures relating to fair value measurements using a three level fair value hierarchy. The level within which the fair value management is categorised in its entirety is determined on the basis of the lowest input that is significant to the fair value measurement. Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability. The following table shows financial instruments recognised at fair value, categorised between those whose fair value is based on:

Level 1 Quoted prices (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

DATAMATICS GLOBAL TECHNOLOGIES LIMITED
Notes to and forming part of the financial statements
For the year ended 31 March 2018

20. Financial risk management (Cont'd)

20.3 Fair value of financial instruments (Cont'd)

Fair value hierarchy (Cont'd)

If the fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs that measurement is a level 3 measurement.

The determination of what constitutes 'observable' requires significant judgement by the company. The company considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

As at 31 March 2018, the carrying amounts of financial assets and financial liabilities shown on the statement of financial position represent or approximate their fair values.

The following tables set out the fair values of financial instruments that are analysed by the level in the fair value hierarchy into which each fair value measurement is categorised:

| | Level 1 | Level 2 | Level 3 | Total |
|------------------------------|----------------|----------------|----------------|--------------|
| 2018 | USD | USD | USD | USD |
| Trade and other receivables | - | - | 49,559 | 49,559 |
| Cash and cash equivalents | - | - | 401,027 | 401,027 |
| Redeemable preference shares | - | - | 12,750,000 | 12,750,000 |
| Trade and other payables | - | - | 39,225 | 39,225 |
| | | | | |
| 2017 | USD | USD | USD | USD |
| Trade and other receivables | - | - | 132,667 | 132,667 |
| Cash and cash equivalents | - | - | 304,138 | 304,138 |
| Redeemable preference shares | - | - | 12,750,000 | 12,750,000 |
| Trade and other payables | - | - | 56,184 | 56,184 |

21. Parent and ultimate parent company

The parent company is Datamatics Global Services Limited and the ultimate holding company is Delta Infosolutions Private Limited, both companies incorporated in India and having registered address of Knowledge Centre, Plot No. 58, Street No. 17, MIDC, Andheri (East) Mumbai-400093.

22. Events after reporting date

There have been no material events after the reporting date which require disclosure or amendment to the financial statements for the year ended 31 March 2018.
