

START AND SCALE YOUR RPA JOURNEY WITH TRUBOT

TruBot is an enterprise grade, multi-skilled bot programmed to enhance your enterprise's productivity. It automates a range of simple as well as complex processes. With TruBot anybody, even a business user with absolutely no programming knowledge, can design bots with click of a button. Whether you have just started your robotic process automation journey or planning to scale up your automation program, now you can just sit back, relax and take complete control of your RPA program centrally. TruBot also comes with an intelligent data capture solution, TruCap, . It has integrated artificial intelligence (AI) & fuzzy logic and captures meaningful data from unstructured documents with over 99% accuracy. In addition with TruBot Neuro, your digital workforce gets reasoning capabilities. Integration of cognitive technologies like artificial intelligence, machine learning enables your bot workforce to handle complex transactions which are generally reliant on human expertise and intervention.

ARCHITECTURE

MODULES

TruBot Designer

With TruBot Designer, anybody can design bots. Business users who do not have any programming knowledge, can design the bot at click of the button!

TruBot Cockpit

Take complete control of your RPA program with TruBot Cockpit. You can now centrally manage and monitor your entire bot workforce deployed across the enterprise.

PLATFORMS

TruBot

TruBot is a proprietary product for RPA. It is a multi-skilled bot with intelligent data capture solution

TruBot Neuro

Comprehensive Artificial Intelligence platform for pattern detection, text and data mining.

TruCap.*

Intelligent data capture solution with integrated AI & fuzzy logic.

TruBot Analytics

Go beyond automation. Get actionable intelligence from your RPA data

FEATURES

Visual Workflow

Universal Recorder

Low code designing with 200+ components

Proactive bot health monitoring

Integrated Intelligent Data Capture

CyberArk vault integration

AI capabilities

Dynamic bot station selection

Rol calculator

Integrated operations and business analytics

RECOGNITION

Gartner

Gartner recognizes TruBot in Magic Quadrant for Robotic Process Automation Software as NICHE PLAYER

July 2019

TruBot features in Everest PEAK Matrix Assessment, 2019: RPA – Technology Vendor Landscape as STAR PERFORMER

June 2019

TruCap+ recognized as MAJOR CONTENDER in Everest Group Peak Matrix - Intelligent Document Processing (IDP) Technology Vendors

April 2019

FORRESTER®

Forrester recognizes Datamatics in Now Tech: RPA Services
