

DATAMATICS

**IMMERSIVE
TECHNOLOGY**

AUGMENTED REALITY AND VIRTUAL REALITY SOLUTIONS

Accelerate Business Outcomes with 'Near-to-Real'
Immersive Experiences

Digital experience has become the new battleground for enterprises as they look to attract, retain, and engage customers. In particular, the advent of **Augmented Reality and Virtual Reality solutions** in recent years has created new opportunities for enterprises to enhance customer experience, employee experience, and partner experience across channels. However, enterprises aren't able to take full advantage of these technologies due to higher hardware costs, issues related to accessibility, slower time-to-market, scalability, and lack of expertise.

With its robust portfolio of implementations and use cases across industries, Datamatics has been helping clients accelerate experience transformation with its enterprise grade AR/VR services that provide 'near-to-real' immersive experiences across channels.
