# **START AND SCALE YOUR INTELLIGENT AUTOMATION JOURNEY WITH TRUBOT**

Multi-skilled RPA bot with integrated intelligent data capture

# START AND SCALE YOUR RPA JOURNEY WITH TRUBOT

**TruBot** is an enterprise grade, multi-skilled bot programmed to enhance your enterprise's productivity. It automates a range of simple as well as complex processes. With TruBot anybody, even a business user with absolutely no programming knowledge, can design bots with click of a button. Whether you have just started your robotic process automation journey or planning to scale up your automation program, now you can just sit back, relax and take complete control of your RPA program centrally. TruBot also comes with an intelligent data capture solution, TruCap<sup>+</sup>. It has integrated artificial intelligence (AI) & fuzzy logic and captures meaningful data from unstructured documents with over 99% accuracy. In addition with TruBot Neuro, your digital workforce gets reasoning capabilities. Integration of cognitive technologies like artificial intelligence, machine learning enables your bot workforce to handle complex transactions which are generally reliant on human expertise and intervention.
