

DATAMATICS

FINATO

**DATAMATICS FINATO, A
UNIFIED PLATFORM TO DELIVER
AUTONOMOUS FINANCE**

**CFO Backoffice
Transformation**

**That's
FINATO**

Datamatics FINATO is a smart, simple, and intuitive digital platform for end-to-end CFO Backoffice Transformation. It is designed for jumpstarting ubiquitous digital adoption in capital-intensive businesses. It takes a **"digital-first"** approach that seamlessly integrates with cloud and on-premise business systems to power a **digitally-enabled vendor-business-customer ecosystem**.

FINATO takes a modular approach while enabling businesses to re-engineer legacy platforms in a step-wise manner. It brings to table Automation and AI/ML capabilities allowing them to harness the best of both worlds. FINATO enables automation across procure-to-pay, order-to-cash, and record-to-report space. It also allows build a foundation for financial planning and analysis.

Finato effortlessly scales to handle growing transaction volumes. It seamlessly accommodates multiple currencies and languages while remaining agile in the face of regulatory shifts.
